

## *Clubhouse and Pool Complex*

The community centerpiece for social, recreational and fitness activity, the Clubhouse and Pool complex offers resort-style amenities, just a few steps from your front door.

This is where the neighborhood gathers to watch the big game on the big screen. This is where friends meet for a game of cards. Where the backgammon tournament takes place. Where your workout can be as rigorous or relaxed as you want it to be. Or where the poolside provides the perfect environment to dive into that book at the top of your reading list.

The smartly appointed and tastefully decorated main room of the Clubhouse is both welcoming and comfortable. The fireplace is warm and inviting and the large windows will make you feel like this is a natural extension of your home.

### **CLUBHOUSE AMENITIES**

*A kitchen with appliances facilitates planning and preparing for parties.*

*The heated outdoor swimming pool and terrace are a great place to gather, or to escape.*

*A fitness center with television monitor makes exercising more enjoyable.*
