Re: Furrow Auction Company

To Whom It May Concern:

I have recommended to numerous clients the use of Furrow Auction Company to sell real property, and will continue to do so without hesitation.

It is my opinion that Furrow's extraordinary record of success is based on three (3) factors:

1. Integrity-Furrow is absolutely honest, competent and professional in its dealings with all parties through the transaction.
2. Energy-I cannot imagine any team working more efficiently or harder to achieve results. This extends to marketing, property preparation, coordination with local agencies, and with its client.
3. Market Penetration-Long and successful history has allowed Furrow to become a household word throughout East Tennessee. Extensive knowledge of market and local conditions, as well as its large regional customer base allows it to produce a viable group of bidders for an auction of any type of asset.

Sincerely yours,
