

# FURROW AUCTION CO.

Dear Friends,

We want you to know that we value your health and well-being above all else. Furrow Auction Company is actively monitoring the information regarding COVID-19 (coronavirus) as part of our commitment to the health and well-being of our community and is taking steps to implement preventive measures.

We intend to hold all of our currently scheduled auctions. If you prefer not to bid/attend in person, and will be bidding remotely (either by phone or online/internet), please call us with your questions and we can help set you up with a bidding platform that is best for you. We have always made a great effort to include on our website detailed information on every asset we sale, which is a cornerstone of our business in order that you may bid with confidence.

In an effort to help us all keep the recommended social distancing, we will do our best to provide an environment at our auctions that permits the suggested/recommended distancing from each other as well as the suggested/recommended disinfecting measures, such as providing hand sanitizers, and cleaning of all counter surfaces.

In a time of uncertainty, we would like to reassure you that our plan is for our auction business to go on as scheduled, and we hope that the assets that we will be selling will provide an opportunity for you to invest your money in something other than the stock market.

This is truly an unprecedented challenge in our country's history, and one we take very seriously. That is why in the coming weeks, we will continue to follow federal, state, and local government and health officials recommendations for future auctions as well as adjust current plans as needed.

Thank you for your understanding and please call our office with any questions or concerns as well as visit our website – [www.furrow.com](http://www.furrow.com) – for additional updates.
