

(g) Yard Requirements

Within any development approved under the provisions of this section, the following yard requirements shall apply:

1. For lots located along the periphery of the site, the basic yard provisions established for the district within which the development is located shall apply along all portions of lots which abut the periphery.
2. For units located entirely within the interior of a site, the Planning Commission shall approve yards during review of the Site Development Plan. However, each dwelling unit shall, on its own lot, have one (1) yard containing not less than six hundred (600) square feet. This yard shall be reasonably secluded from view from streets and from neighboring property and shall not be used for off-street parking or for any accessory building.

(h) Open Space Requirements

Any common open space provided within a development of this type shall:

1. Meet the requirements for quality and improvement established in Section 9.05(v) 6 and as may be required as a condition of approval by the Planning Commission; and
2. Be protected by covenants or restrictions as outlined in Section 9.05(s), which will insure the improvement and continued maintenance of all such properties; and
3. Serve as recreational and open space only.
