

Resolution to limit business and industrial uses to the property facing or fronting the street zoned for business or industry and to prohibit business or industrial uses facing or fronting the street zoned for residential uses. In all cases of ambiguity due to the actual layout of the property or other circumstances, the Board of Zoning Appeals shall have authority to determine on which street the business or industrial use shall face or front so that the intent of the resolution shall be observed.

**5.041. A-1 Agriculture-Forestry District**

A. District Description

This district is intended to preserve space for agricultural and forestry uses which together comprise an important segment of the economy of Loudon County. The primary intent of the A-1 District is to minimize conflicts between agricultural and forestry activities and various nonfarm activities; to permit lands best suited for intense agricultural uses to be preserved for these purposes; and to prevent lands unsuitable for development of an urban or non-rural nature, due to topographic problems, location, or the inability to provide necessary urban services, from being encroached upon by these incompatible land uses. #### **5.042. A-2 Rural Residential District**

##### A. District Description

This district is intended to be utilized in areas where, due to remoteness, impermeability or shallowness of soils, the absence of the necessary urban services, or the continuation of farming or agricultural activities, development of a suburban density is undesirable or unfeasible. Although the A-2 District is primarily a rural district, it also provides for low-density residential development with lot sizes for single-family dwellings being less restrictive than those of the A-1 Agriculture-Forestry District. In addition, a primary objective of the A-2 District is to prevent undesirable urban sprawl and to exclude land uses which demand a level of urban services which are impossible or uneconomical to provide. The following regulations shall apply in the A-2 Rural Residential District as defined on the Zoning Map of Loudon County, Tennessee:

##### B. Uses Permitted:

In the A-2 Rural Residential District, the following uses and their accessory uses are permitted.

1. Agricultural and forestry uses and their accessory structures, as defined in Article 2.
2. Detached single-family and two-family dwellings.
3. Agricultural processing including cotton ginning and compressing, corn shelling, hay baling and threshing services.
4. Animal husbandry services including veterinarian services, animal hospital services and poultry hatchery services.
5. Forestry activities and related services.
6. Fisheries and related services.
7. Public and informational signs.
